EDUCATION

CARNEGIE MELLON UNIVERSITY

Grad. May 2020 | Pittsburgh, PA
BS IN TECHNOLOGY AND SONIC PRODUCT INNOVATION
 (STUDENT DEFINED MAJOR)
 MINOR BUSINESS ADMINISTRATION

ST. THOMAS AQUINAS HIGH SCHOOL

Grad. May 2015 | Davie, FL

COURSEWORK

UNDERGRADUATE

Fundamentals of Programming and Computer Science
 Principles of Imperative Computation
 Parallel Distributed Processing
 Multimedia Processing for the Arts
 Computer Music
 Practical Data Science

Graphic Media Management
 Intermediate Microeconomics
 Intermediate Macroeconomics
 Funding Entrepreneurial Ventures
 Business Communications
 Business Presentations
 Marketing I
 Operations Management

SKILLS

TECHNICAL

Adept:

MAX MSP • Python • HTML • CSS • C
 Nyquist SAL • Git • terminal CLI • Apex •
 Bash • Java • Jupyter • Anaconda

Proficient:

SQLite • Object Oriented Programming •
 Pandas • Numpy • \LaTeX • JavaScript •
 Shell • Tkinter • Salesforce Admin •
 Heroku (Cloud Platform)

QUALITATIVE

Leadership • Teamwork • Time
 Management • Versioning •
 Design Thinking • Technical Research •
 Prose • Grammar • Collaboration •
 Critical Thinking • Reading • Organization

PROFESSIONAL SUMMARY

Experienced technical writer with a passion for creating educational content and a collaborative approach. Achieved up to 85% reduction in documentation publishing time through the implementation of a new toolchain and developed a scalable automation tool that boosted document conversion from days to minutes.

EXPERIENCE

SALESFORCE INC | TECHNICAL WRITER

June 2021 – March 2023 | NY

- Produced and updated internal and external documentation on a daily basis, as well as weekly creation and publication of original content.
- Ensured consistency in style, tone, and overall ecosystem of all content, both new and existing.
- Successfully led the closed beta and general launch of Salesforce Functions, managing documentation of the elastically scalable platform.
- Utilized documentation to equip users with the ability to create their own Functions-as-a-Service (FaaS) using commonly used programming languages such as Python, Typescript, JavaScript, and Java.

PELTON INTERACTIVE, INC. | SALES SPECIALIST

October 2020 – January 2020 | Pittsburgh, PA

- Propelled honing of team and customer-facing communicative practices.
- Integrated and improved sales tactics within the showroom, in a collaborative and focused environment.

FLAGS - TC INTERNATIONAL | INTERN

May 2019 – August 2019 | Port of Spain, TT

- Digitized file management system for real estate operations.
- Worked in self-storage management for storing and organizing proprietary physical records.

RESEARCH

SIMPLE SOUND | CREATOR

December 2019 – May 2020 | Pittsburgh, PA

- Invented a music creation software designed for all ages, roughly 5-80.
- Specialized in all aspects of creation, such as design, marketing, programming, and artistry.

COMPOSING COMPUTER MUSIC | AUDIO PROGRAMMER

Nov 2019 – Dec 2019 | Pittsburgh, PA

- Studied under Audacity creator **Prof Roger Dannenberg** and Prof Jesse Stiles.
- Honed programming skills via use of **Nyquist IDE**, a signal processing software.

DATA SCIENCE WITH MUSIC | RESEARCHER

Sept 2019 – Oct 2019 | Pittsburgh, PA

- Fabricated an intuitive walk-through explaining the methods used in gathering, processing, and interpreting data.
- Coded the demonstration in a Jupyter Notebook using Python, creating an easy-to-understand execution of analyzing data (in this case, music).

NEURAL NETWORKS FOR MUSIC | RESEARCHER

Mar 2019 – May 2019 | Pittsburgh, PA

- Orchestrated training and testing of simple and complex neural networks using Light Efficient Network Simulator **LENS**.
